SECTION	INPUT	ISSUANCE DATE FEBRUARY 9, 2015
SUB-SECTION	ESTABLISHMENT & DEACTIVATION OF FUNDS	REVISION NUMBER 15-001

ESTABLISHMENT AND DEACTIVATION OF FUNDS

ESTABLISHMENT OF A NEW FUND

There are many reasons why an agency may need to establish a new fund. Some examples include natural disasters, statute changes, growth, accounting policies, etc. The agency should submit to DFA Office of Fiscal Management (OFM) an application to establish a fund, Form 07.20.10. It is important to describe in detail the fund purpose and source(s) of revenue that is necessary to classify the fund by GAAP fund type.

The agency may request a fund number, or leave the fund number blank for OFM to assign the fund number. The agency should include the 6 digit Fund Application/Functional Area Number, 8 digit Functional Area or Program Number, and 10 digit Cost Center Number that the fund will be associated with. If the fund will be associated with multiple cost centers and functional areas, the cost center spreadsheet should be updated with these combinations and forwarded to OFM along with the fund application. A copy of the applicable legislative source should be included with the request.

The fund request will be reviewed and either approved or rejected. OFM will review the agency's funds before making a decision on the new fund request.

A copy of the approved Application to Establish or Deactivate a Fund will be returned to the establishing agency. This will provide the agency with the fund number and other information necessary for the use of this fund.

Some private bank accounts are reported independently of 2XXXXXXXXX or 3XXXXXXXXX Treasury funds for GAAP financial reporting. These bank accounts have a fund number with the 8XXXXXXXXX series. OFM will assign each bank account to a fund. Collection accounts for special Treasury funds are usually assigned to and reported with the Treasury fund. Bank accounts used for like purposes will be assigned one 8XXXXXXXXX fund number. For example, all group home accounts of a mental health agency are assigned one 8XXXXXXXXX fund number. See section 29.60.35 for authorization of private bank accounts.

DEACTIVATION OF A FUND

If an agency has a fund that is not being used, the fund should be deactivated in MAGIC. The request for deactivation should be submitted to OFM once there are no account balances in the fund. The fund will then be deactivated.

WHERE TO SEND THE FORM

The Application to Establish or Deactivate a Fund should be sent via hand mail or postal mail to:

Department of Finance & Administration
Office of Fiscal Management
P O Box 1060
Jackson, MS 39215

The form may be emailed to: ofm.bfm@dfa.ms.gov
